**Nanda** Lievore Altherr Molina

Based on contemporary lines, the "New Nanda" model offers a new take on the monocoque seat. Light and enveloping, it is manufactured from injected

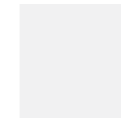

polyurethane and is suitable for situations of heavy use, while its resistance and robustness do not rest from the comfort afforded by its studied ergonomics or the

warmth of its finishes. Available in conjunction with 4-leg, arm- and central-leg bases, this highly adaptable model is suitable both for installations and for the home.
